

## Maple Syrup

- [Nymphs](#)

The Maple Syrup is one of the simplest nymph patterns out there but a very effective nymph. I tie this pattern unweighted so if I want to get it down I use a sink tip or full sinking line, or add a little split shot to the leader. I also fish it on a dry line letting it float around just under the surface. This pattern presents a big juicy easy meal to Trout or Bass.

Offered in size #10

Price: \$2.00
